

We are pleased to announce that EP-TeQ has appointed Jussi Räsänen to the position of Account Manager on 1 November 2017. Jussi will be responsible for the sales of the EP-TeQ product portfolio in Finland.

Jussi has more than 20 years of experience with technical sales of electronic equipment and components from companies like Cyncrona, EG Components and Sennheiser Nordic. He has also worked within product management and is very strong on creating a market for new products. Theoretically, he is well-founded having a bachelor in Electrical, Electronics and Communications Engineering.

'Being familiar already with several of our products, customers and colleagues, Jussi got a head-start in our team' says Director Lars Kongsted-Jensen, 'and with him being based in the Helsinki area, we have also moved our office from Raahe to Espoo'.

About EP-TeQ
